Below is something that we feel will be beneficial to you and your team. New Patients, Inc. announces Dental Web Content (www.dentalwebcontent.com)!

Dental Web Content is a subscription based online media center, filled with proven effective dental advertising content. The content covers all dental related services, amenities, technologies, conveniences, and public relations assets. The content covers all media types such as web pages, social media content, social media PPC campaigns, post card mailings, niche mailers, e-mailers, all forms of print advertising, radio scripts, and television scripts. We will do a dental public launch of Dental Web Content later this Spring. Dental Web Content is very affordable. At launch, the monthly subscription levels will be \$67, \$87, or \$147 - depending upon options chosen.

If you [click this link](#), it will take you to a pre-launch movie trailer with an email registration form. Everyone who signs up with their email address will receive periodic updates and notices of the exact launch dates as well as pre-launch subscription pricing!

We wanted to make sure you were aware of this and had the option to qualify for the special pricing.

If you have any questions at all, feel free to reach out to us.
